Cattle Lost in Arizona Last Year-Octting in Shape for Feeding -Bids from Northern Stockmen.

Mr. Mat Ryan, a stockman of Montana, who has been in the city for several days, Representative Crange a Meet in New York will go west to-day.

Local dealings in rive stock are not so brisk as they were a week ago. The dullness is caused by the bad weather.

yesterday that he expected, judging from the mildness of the season, delivery of stock on the northern ranges would begin as early as April 15 this year. The ground which will last two or three days, will be has received such soaking that the grass made known at its close. will be in condition for the handling of the cattle at an early day.

There have been a few northern stockmen in the city already with a view to buying Texas cattle, but no sales have yet been consummated so far as can be ascertained. There seems to be a difference between the prices offered and those at which cattle are held, and until concessions have been made by both sides, which the pressure of business will soon bring about, no purchases will be made.

More cattle were lost in Arizona last year than a great many are aware of and it was only by the falling of late but timely rains that decimation of the herds by drouth similar to that in Montana by cold in the previous winter was prevented. The stockmen are taking measures to secure themselves from being caught again with overstocked ranges and numbers of stockmen have sold everything marketable, down to yearlings, and the rains that decimation of the herds by marketable, down to yearlings, and the spaying knife has been brought into use best selection that could have been made.
